

# Report on Plantation Drive

On 1st August 2025, the Eco Club, in collaboration with the NSS Unit of GDC Nankhari, successfully organized a Plantation Drive near the Naag Temple, close to the college campus. The event was conducted under the beautiful theme "*Ek Ped Maa Ke Naam*", which means "A Tree in the Name of Mother."

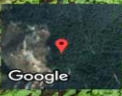

The idea behind this theme was to plant a tree as a tribute to one's mother. This symbolic gesture not only honored the love and care of mothers but also contributed to making the Earth greener and healthier. Deodar Cedar saplings were planted during the drive, which were kindly provided by the Forest Department, Nankhari. These saplings were selected due to their long lifespan and suitability for the local climate.

The plantation drive was aligned with the *Sustainable Development Goal 13 (Climate Action)*, which promotes initiatives to reduce the impact of global warming. Planting trees is one of the most effective and natural ways to achieve this goal.

Both students and faculty members actively took part in the drive. Their participation showed a strong commitment to protecting nature and fighting climate change. The event helped to build a sense of environmental responsibility among all. The event was not just about planting trees, but also about spreading awareness, building community spirit, and showing that even small efforts can lead to big positive changes for our planet.
