

Training on Fire Extinguisher Handling

Date: 28/02/2026

Venue: Fire Station at Rampur Bushahr

Name of the Event: Training on Fire Extinguisher Handling

Organised by: Road Safety Club of the College

No. of Participants/Trainees: 10

As part of the Road Safety Club's skill development and awareness initiatives for the academic session 2025–26, a visit to the Fire Station at Rampur Bushahr was organised on 28th February 2026. Ten enthusiastic club members participated in this informative and interactive training programme aimed at enhancing awareness regarding fire safety and emergency response.

The visit commenced with a cordial welcome by the fire station team, followed by an orientation session conducted by Fire Officer Shri Kishan Chand Saini, Leading Fireman Ramesh Chand, and Shri Ghansham Kumar. The officers shared their professional experiences and provided valuable insights into the daily operations, duties, and challenges faced by fire and emergency service personnel.

The training session primarily covered the following aspects:

1. **Types and Usage of Fire Extinguishers:**

Students were introduced to different types of fire extinguishers, including water-based, foam, CO₂, and dry chemical extinguishers. The fire personnel demonstrated the correct methods of handling and operating each type. Participants were also given hands-on training and practised using fire extinguishers under expert supervision.

2. **Emergency Response Protocols:**

The officers explained standard procedures followed during fire incidents, road accidents, and other emergencies. They emphasised the importance of timely action, effective communication, and maintaining composure in emergency situations.

3. **Role of Common Citizens in Emergencies:**

The session highlighted the role of responsible citizens during emergencies. Students were guided on how to seek immediate help, ensure safety measures, and assist victims without putting themselves at risk.

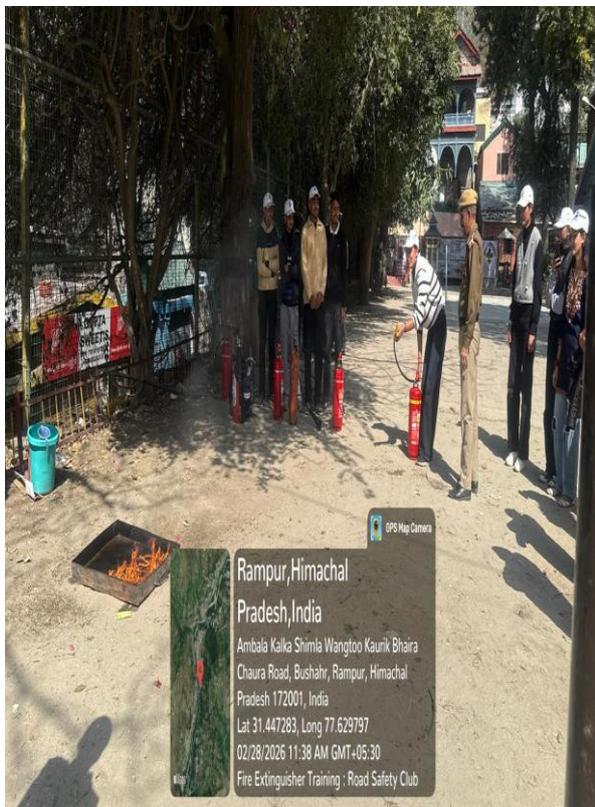

4. **Equipment and Vehicle Familiarisation:**

Participants were given a guided tour of the fire station and introduced to various emergency response vehicles and equipment, such as hydraulic cutters, fire hoses, breathing apparatus, and protective safety gear. The firefighters explained the functions and operational significance of each tool.

Outcome of the Visit:

The training provided students with practical exposure and enhanced their understanding of fire safety measures, emergency preparedness, and civic responsibility. The visit helped them develop a deeper appreciation for the dedicated services of fire and rescue personnel. The participants expressed their gratitude to the fire station staff for their cooperation, guidance, and the highly informative session. The activity proved to be educational and motivating, equipping students with essential life-saving skills and knowledge.
