

## **Report on 73rd Wildlife Week Celebration at Government College Nankhari**

On October 7, 2024, the Eco Club of Government College Nankhari, in collaboration with the Forest Department Nankhari, celebrated the 73rd Wildlife Week, focusing on the crucial theme of "Human Wildlife Co-existence." This event aimed to raise awareness among students about the importance of cohabitation between humans and wildlife, especially in the context of increasing environmental challenges.

The celebration featured an engaging quiz competition organized by the Forest Department, with the participation of key officials including RFO Nankhari Rajeshwar Kalyan, Deputy Ranger Hemraj, and officers Arun Sharma, Sapna, and Saurabh. The quiz involved four teams composed of enthusiastic college students:

- **Team 1:** Payal, Rimpika, Sandesh
- **Team 2:** Jyoti, Shabnam, Yakul
- **Team 3:** Himanshu, Rajat, Aman
- **Team 4:** Diksha, Ronica, Riya

After a spirited competition, Team 4 emerged victorious, securing first place, while Team 2 and Team 1 took home second and third places, respectively. The event was expertly conducted by Arun Sharma, who ensured a smooth flow of activities throughout the day.

The Vice Principal of the college, Dr. Inder Singh Suryan, addressed the students, emphasizing the significance of understanding human-wildlife relationships. He encouraged students to reflect on their role in fostering a harmonious existence with nature. Additionally, Eco Club Convener Prof. Dev Kumar shared his insights on the declining numbers of wildlife and stressed the need for proactive measures to protect the environment.

RFO Rajeshwar Kalyan also voiced concerns regarding the encroachment of wildlife into human habitats, attributing it to human interference in natural ecosystems. He highlighted the alarming trend of animals exhibiting violent behaviour as a consequence of this encroachment, urging students to adopt more sustainable practices. The event concluded with the distribution of prizes to the winning teams, celebrating their knowledge and commitment to the cause of wildlife conservation.

This celebration not only enhanced awareness of wildlife issues but also fostered a sense of responsibility among students towards environmental stewardship. The collaboration between the college and the Forest Department exemplifies the importance of educational initiatives in promoting wildlife conservation and ensuring a balanced coexistence with nature.

The 73rd Wildlife Week at Government College Nankhari was a significant event that successfully engaged students in meaningful discussions about wildlife conservation and human interaction with the environment. The enthusiasm displayed by the participants underscores the potential for future initiatives aimed at fostering a deeper understanding of and respect for our natural world.
