The annual examination results for the academic session 2024–25 reflect commendable academic performance across all classes. Out of a total of 74 students, 62 students successfully passed, achieving an overall pass percentage of 83.78%. In the BA/B.Com 1st year, 23 out of 35 students cleared the examination, recording a pass percentage of 65.71%, with 7 students securing A grade or above. This shows a promising start for first-year students, though there is scope for further improvement in the coming session. Further, the BA 2nd year demonstrated outstanding performance with a 100% pass result, where all 20 students passed and 12 students obtained A grade or above, indicating strong academic consistency and dedication. Similarly, the BA/B.Com 3rd year maintained an excellent record with a 100% pass percentage, and all 19 students achieving A grade or above, reflecting their maturity, academic excellence, and readiness for higher pursuits. Although no student secured a position in the university merit list this year, the overall performance of the college remains encouraging, particularly in the senior classes. The results highlight the effectiveness of teaching and learning efforts, with a strong upward trend in academic quality from the first year to the final year.
